Presents

# DIGITAL APPROACHES to the ANCIENT WORLD

THURSDAY, JANUARY 29, 2015, 12PM – 2PM

**Nipissing University, Room R307**

**Richard Wenghofer**

Classical Studies, Nipissing University

**Mark Wachowiak**

Computer Science, Nipissing University

**Alex McAuley**

Classical Studies, McGill University

**Steve Mason**

History, University of Aberdeen

Digital technologies have increasingly occupied a central position in the study of the ancient world. Our panelists will demonstrate how some of these technologies are used both as pedagogical tools and as an invaluable way of creating new knowledge of the ancient world.
